

Dear Participant,

we would like to thank you for coming to the *Intuitive Geometry – László Fejes Tóth Centennial Conference and Workshop*, and

welcome to the Rényi Institute and the Central European University!

You may find some useful information here about the conference.

Registration and the first day's lectures are held at the CEU building (1051 Budapest, Nádor u. 9.) The rest of the conference takes place at the Rényi Institute (1053 Budapest, Reáltanoda u. 13-15.) These locations are marked on the map on the other side.

The **wine & cheese party** will be held at the Rényi Institute on **Monday, June 22**, starting at **18:30**. All conference participants are welcome.

On **Wednesday, June 24** evening, at **19:00-22:00**, we will have a **boat trip** along with the **conference banquet**. Invited speakers and those who paid the registration fee may participate free of charge. Participants whose registration fee has been waived, and accompanying persons may purchase a ticket at the registration desk, at the price of 30 EUR. The boat starts from **Jászai Mari tér, Pier 1** (1-es kikötő). **Please be on time!**

In order to get to the pier, you will have to take public transportation to Jászai Mari tér: you may take Tram no. 2 from Március 15. tér to Jászai Mari tér, or Bus no. 9 from Astoria to Jászai Mari tér, or (from other locations in the city) the Tram 4-6 to Jászai Mari tér (you may change to it at the Nyugati station, which can be accessed by metro). Reaching it from the Rényi Institute should take about 30-40 minutes.

Once on the square, you will have to go to the north side of the Margit bridge (the side of McDonald's). Walking down to the wharf next to the river by crossing the road, you will see a number of boats. Pier no. 1. is at the northern (far) end, at about 200 m distance from the Margit bridge. **(See the maps on the other side!)**

Coffee, tea, juices and cakes will be served during the coffee break, at the hall next to the lecture room.

Wireless internet is available both at the CEU and at the Rényi Institute. The preferred option is to use the eduroam network, which is available at both locations.

If you do not have eduroam access, at the CEU you may join to the **'CEU Guest'** network, with the password **'Budapest1991'**.

At the Rényi Institute, you may access the **'Renyi'** network, with the password **'renyiwireless'**. If you do not bring your own laptop, or it does not have a wifi-card, and hence, you wish to use the computer facilities in the Institute, you need an account: you may arrange this at the computer department.

Should you have any further questions, please, do not hesitate to ask us.

We wish you a pleasant and fruitful stay in Budapest!

- *The organizing committee*
