

Tenth Summer School on Potential Theory

Budapest, August 18 – 23, 2015

Invited speakers:

P. Boyvalenkov

(Sofia, Bulgaria)

P. Dragnev

(Fort Wayne, USA)

A. Edigarian

(Kraków, Poland)

A. Goncharov

(Ankara, Turkey)

K. Ivanov

(Sofia, Bulgaria)

N. Shcherbina

(Wuppertal, Germany)

V. Zaharyuta

(Istanbul, Turkey)

W. Zwonek

(Kraków, Poland)

Organizers:

B. Farkas

Á. Horváth

B. Nagy

Sz. Révész (chair)

Lectures on subject areas related to potential theory are given by internationally acknowledged researchers. The aim of the summer school is not only to focus on the state-of-art but also to address more classical results by providing detailed explanations, full proofs and background material.
