

Dear Participant,

Thank you for coming to the *Algorithmic and Combinatorial Geometry Conference* and

welcome at the Rényi Institute!

Here is some useful information.

The **wine and cheese party** will be held at the Rényi Institute on Monday, 15 June, starting at 5pm.

The **boat tour** to Szentendre (20 kilometers to the North) will be on Wednesday, 17 June. Dinner will be served on the boat. The dinner and boat tour are free of charge for the participants. If you are interested, please **tick your name on Monday on the list** hanged next to the lecture room.

The boat departs at 2:30pm at the Jászai Mari tér (tér = square), 1-es kikötő (Bay 1). The easiest way to get to there is to walk to the Erzsébet híd (híd = bridge), and take tram line 2 to the direction of Jászai Mari tér (that is the final stop). See the map on the left. On your way you will see the House of Parliament, too. Please be on time.

Wireless internet is available at the Institute. It needs a password which is

renyiwireless

We set up an account for everybody who did not already have one. The login name and the password should be in the package. You can also find a booklet for **further information** about Budapest and possible programs there.

For the exact program, maps and technical details, please consult our website

<http://www.renyi.hu/~geza/CONF/>

Should you have any further questions, please, do not hesitate to ask us.

We wish you a pleasant stay at the Rényi Institute.

The organizing committee
