Curriculum vitae

József Szabados

Alfréd Rényi Institute of the Hungarian Academy of Sciences
H-1364 Budapest, P.O.B. 127

Home address:

Budapest, Pipiske u. 1-5, H-1121

Phones:

Office: (361)-483-8305, fax: (361)-483-8333

Home: (361)-395-4235

Cellphone: (36)-06-20-2313174

e-mail: szabados@renyi.hu

URL: www.renyi.hu

I. Personal Data

Date of birth: July 6, 1938 (Budapest, Hungary)

Children: Suzanne and Andrew

Grandchildren: Anna, Maria, John, Clara, Charlotte, Elisabeth, Oliver, Ursula, Julia.

II. Education

B.S. (Mathematics): Eötvös Loránd University, Budapest 1961

Ph.D. (Mathematics): Hungarian Academy of Sciences, Budapest 1966

Doctor of Sci. (Mathematics): Hungarian Academy of Sciences, Budapest 1976.

Ph.D. dissertation: Rational approximation of continuous functions (dissertation advisor: Professor O. Kis)

Doctoral thesis: Convergence problems of approximation processes.

III. Experience in Higher Education

Eötvös Loránd University, Budapest – Assistant Professor: 1961-1968

Ohio State University, Columbus, OH – Assistant Professor: 1970/71

University of South Carolina, Columbia, SC – Associate Prof.: 1979

Texas A&M University, College Station, TX – Professor: 1982/83

West Virginia University, Morgantown, WV – Professor: 1984/85

Univeristy of Florida, Gainesville, FL – Professor: 1988.

Central European University (Budapest) – Professor: 2004-

Ph.D. advisor: Nguyen Xuan Ky (1975), Katalin Balázs (1980), Ágota Horváth (1999), Sándor Szabó (1999).

IV. Honors

Secondary School Mathematical Competition of Hungary, 2nd prize (1955)

Grünwald Géza Award, 2nd prize (1966)
Rényi Alfréd Award (1974)
Academic Award (1982)
Officer's Cross of the Hungarian Republic (2003)
Eötvös József Wreath (2009)

V. Professional Societies

János Bolyai Mathematical Society

VI. Editorial Activities

Co-editor of proceedings or memorial volumes:

Riesz–Fejér Conference (1980),
Haar Memorial Conference (1985),
Approximation Theory Conference (1990),
Alexits Memorial Conference (1999)
Approximation Theory, in memory of A. K. Varma, Marcel Dekker (1998).
Frontiers in Interpolation and Approximation, in memory of A. Sharma (2006).

On the Editorial Boards of the following scientific journals:

Acta Math. Hungar. (deputy editor-in-chief)
Analysis Mathematica (deputy editor-in-chief)
Studia Sci. Math. Hungar.
Numerical Functional Analysis and Optimization (USA)
Analysis in Theory and Applications (China)
Journal of Approximation Theory (USA)
Archives of Inequalities and Applications (USA)
PanAmerican Mathematical Journal (USA)

VII. Research Grants

Hungarian National Science Foundation Grant No. 1801 (1985-1990)
Hungarian National Science Foundation Grant No. 1910 (1991-1994)
Hungarian National Science Foundation Grant No. T017425 (1995-1998)
Hungarian-Italian Cooperation Project Grant No. I-7/95 (1996-1997)
Hungarian National Science Foundation Grant No. T032872 (2000-2003)

VIII. Committee Activities

Organizing Committee of conferences organized by the Hungarian Academy of Sciences (1969), by the János Bolyai Mathematical Society (1976, 1980, 1985, 1990).

Mathematical Committee of the Hungarian Academy of Sciences (member from 1969, secretary 1972-1975, vice-chairman 1990-1996)

Consultative member of the 3rd Class of Hungarian Academy of Sciences (1990-1993, 2000-2006).

Member of PhD committee (mathematics) of the Central European University (Budapest)

Member of Mathematical Doctoral Committee of Eötvös Loránd University (2006-)
